

ABOUT ZENONE

Zenone (Zen-on) is a **state of peace and tranquillity** within oneself where life begins to unfold the pleasures of living. Life then becomes, **a series of precious moments** interlinked with those that lie ahead and the ones, we leave behind. Moments filled with imagery and emotions. Moments shared **with family, friends and loved ones** always stand apart as those, that touched our lives the most. The times that made us laugh till we cried, the times we played with carefree abandon, the times we planned for **a happier tomorrow...**

Like **individual petals of a flower**, life's series of moments may not amount to much by themselves but when strung together, they create a vision of resplendent beauty and captivating fragrance, like a flower in full bloom. Every flower needs nurture and the nature of its surroundings to be what it is. The **flower of life** asks for not much... A little sunshine, a little rain, love of a few buzzing friends of flight and a place to call home...

Zenone... Where Life Unfolds

zenone
where life unfolds

To create a space where **life can be celebrated** one must understand the **essence of living itself**. After all, it is living that makes a house made of bricks and stone into a home. A home that bustles in the form of children who fill the hallways with their laughter, elders who shower their blessings and pray for our well-being as well as friends and neighbours who share our occasions of joy and sorrow.

Zenone is a **space created to be conducive to life**, where our primary objective is your **Luxury and Security**. At Zenone, we understand that when we take care of your life's basic requirements, you can invest your time into living it.

Zenone is more than just a place that you can call home. It is a space **where life unfolds for every** member of the family amidst **beauty, security, recreation** and tranquillity. Where children can be children, grow freely, run, play and learn aplenty. Elders and senior citizens alike can come together and share their memories and experiences. A place where **each weekend can take on a different meaning** of your choosing; be it **recreation, fitness or relaxation**.
